Preparing for the Future!

As a student with a disability, how do I prepare for my life after high school?

- Information for students, parents, and teachers
- Services available
- Employment
- Achieving personal goals after high school

ADRC of Eagle Country

Serving: Crawford, Juneau, Richland & Sauk Counties

Transition

Completing high school is a very important transition for all students. This is especially true for students with disabilities as they move from high school to adult life.

“What options and supports are available for students after high school?”

“How do students plan for going to work, independent living, postsecondary education and training?”

These questions are part of the transition planning process.

Key Players in Transition

- Students
- Parents/guardians
- Teachers
- ADRC/providers

Living with a Disability

For general information contact:

Of Eagle Country
Serving Crawford, Juneau,
Richland and Sauk Counties
